PERFORMANCE AT WORK™

Hygienic Toilet Paper Solutions that Make Cents

From patient rooms to public areas, SofPull® Centerpull toilet paper dispensers help reduce cross-contamination with single-sheet dispensing.

Easy to Maintain

Translucent design makes it easy to see when a roll change is needed.

Patient Friendly Design

Intuitive to use; single-sheet dispensing promotes wellness with one pull.

76% Less Packaging

No inner wrap or outer carton conserves paper compared to jumbo roll and standard roll toilet paper.

Hygienic

Completely enclosed roll helps reduce cross-contamination.

High Capacity

Design drives fewer roll changes and helps lower maintenance costs.

High Performance Isn't Just for the Classroom

A toilet paper dispenser that promotes hygiene with durability in mind. We'd say that's worthy of an A+.

29% Usage Reduction*

Say goodbye to over-spinning. Single-sheet dispensing means students only use what's needed.

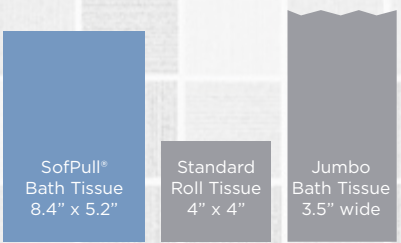

*Compared to jumbo roll toilet paper

Patented Nozzle

Patented centerpull nozzle promotes hygiene and prevents users from pushing toilet paper back into the dispenser.

Sheet Size

SofPull® toilet paper has a larger, more generous sheet size than standard roll sheet and is wider than jumbo roll toilet paper.
