**(866)HELLO-GP** GPXpress

9/27/2016

To Whom it May Concern,

Americans with Disabilities Act Accessibility Guidelines (ADAAG) Section 309.4 states that: “Operable parts shall be operable with one hand and shall not require tight grasping, pinching or twisting of the wrist. The force required to activate operable parts shall be 5 pounds (22.2 N) maximum.”

When mounted in the proper location, the GP Pacific Blue® Mechanical Paper Towel Dispenser (SKU 59589) meets the ADA guideline. Under normal operation, the dispenser can be actuated with one hand by pulling a towel from the dispenser. Low pull force is required to dispense the towel, much less than the 5 pound (22.2 N) maximum ADAAG requirement.

Under conditions of normal use the GP Pacific Blue® Mechanical Paper Towel Dispenser (SKU 59589) will meet customer and consumer requirements as well as meet ADAAG Section 309.4 requirements.

Sincerely,

A handwritten signature in black ink, appearing to read 'L Wherry'.
