TAKE NOTICE

Ever think about the **power of a simple ‘thanks’?**

At GP PRO, we believe it can have far-reaching effects. So, while you may think of us as restroom and foodservice innovators, you might not know that we're working to create transformation through appreciation—especially for our dedicated clean teams. They're the unsung heroes who diligently work behind the scenes to make our lives easier. But more than that, they're the reason we developed our Take Notice Program. It's our way of giving facility managers all the tools they need to regularly recognize and honor their best and brightest.

At GP PRO, we strive to honor those who keep our buildings clean. And because our products are among the easiest to maintain, they help make the job of clean teams a little easier. When easy-to-use products are combined with an environment of gratitude and support, we think it just might make for a happier workplace.
